\* [redacted] Comment. The tabulation furnishes a complete survey of all Bw and Bww installations. The Bws perform first-echelon main-tenance, including light running repairs, on the locomotives assigned to them. The same type of work is performed on cars by the Bwws. Bws and Bwws are assigned to a regional railroad headquar-ters, and a railroad office, respectively. The Reichsbahnausbes-erungswerke (RAW) (railroad repair shops) are equipped for all echelons of repair work and are assigned directly to the Directorate General Railroads. A tabulation of RAW's was transmitted previous-ly. [redacted]
